FEDERAL INFORMATION SOURCES SEMINAR/
SEMINAIRE SUR LES SOURCES FEDERALES D'INFORMATION

You are cordially invited to attend a showing of the videotapes of the Federal Information Sources Seminar on Monday, February 26 at 1:00 p.m. in the conference room on the 4th floor of the R.H. Coats Building.

The Seminar was cosponsored by Statistics Canada and the National Capital Chapter of the American Marketing Association, and took place on December 2, 1978. The Bureau and seven other federal organizations participated, i.e. Energy, Mines and Resources, C.M.H.C., Canada Post, National Library, Canada Institute for Scientific and Technological Information, Bank of Canada, and Consumer and Corporate Affairs, Corporations Branch.

Each organization was asked to describe its data, both published and unpublished, how it's used, who to contact for further information, how it's obtained, and future plans.

The videotapes, which are in colour, cover all the presentations, and run for about 3½ hours. The sound is in English as regulations forbid the taping of the simultaneous French translation.

For further information, please contact Andrew Billingsley, User Advisory Services at 6-5895.

Vous êtes cordialement invité à assister à une présentation des bandes-vidéo enregistrées lors du Séminaire sur les sources fédérales d'information, lundi le 26 février à 13 heures dans la salle de conférence du 4^e étage de l'immeuble R.H. Coats.

Ce séminaire était organisé conjointement par Statistique Canada et sa section de la capitale nationale de l'American Marketing Association, et a eu lieu le 2 décembre 1978. Y ont participé Statistique Canada et sept autres organismes fédéraux à savoir le ministère de l'Energie, des Mines et des Ressources, la SCHL, le ministère des Postes, la Bibliothèque nationale, l'Institut canadien de l'information scientifique et technique, la Banque du Canada, et la Direction des corporations du ministère de la Consommation et des Corporations.

Chaque organisme présentait ses données (publiées et non publiées) et la façon dont elles sont employées, indiquait où s'adresser pour plus de détails, décrivait comment elles sont obtenues et enfin, donnait un aperçu des projets d'avenir.

Les bandes-vidéo, qui sont en couleur, couvrent toutes les présentations et durent environ 3½ heures. La bande sonore est en anglais étant donné qu'il est interdit d'enregistrer l'interprétation en français.

Pour plus de renseignements, s'adresser à Andrew Billingsley, de l'Assistance-utilisateurs, au numéro 6-5895.
